to be Conducted by:

Graeme Wood  
National Logistics Manager-Cotton  
Logistics Manager-Yennora

Scott Tully  
Operations Manager-Yennora/Goulburn

Established in 1998, AWH was initially created to provide economies in warehousing and export services for Australia's wool industry.

Since then it has diversified and developed into one of Australia's leading logistics specialists.

With facilities across Australia, AWH has expanded its operational scope to provide a diverse range of inventory management and related services.

## What we do

- Container loading / unloading – general cargo
- Container loading / unloading – reefer cargo
- Warehouse & distribution services
- Temperature controlled warehousing
- Container cartage

## What we do

- Full & empty container storage
