

FRIEND OF THE LAA

CHEP is the global leader in pallet and container pooling services serving many of the world's largest companies.

CHEP issues, collects, conditions and reissues more than 265 million pallets and containers from a global network of service centres, helping manufacturers and growers transport their products to distributors and retailers. Combining superior technology, decades of experience and an unmatched asset base, CHEP handles pallet and container supply chain logistics for customers in the consumer goods, produce, meat, home improvement, beverage, raw materials, petro-chemical and automotive industries.

CHEP, a Brambles company, employs more than 7,700 employees committed to delivering total quality customer service in 42 countries.
