Date **Monday, 10 May 2010**

Why can't order fulfilment be just like an assembly line, with the stock for orders arriving at just the right time, and in the correct sequence to fulfil orders as efficiently as possible?

Now it can.

Find out why leading distributors around the world have been quick to embrace the amazing productivity, accuracy and safety benefits delivered by Dematic's new Goods to Person (GTP) order fulfilment solutions, at a series of breakfast seminars during July 2010.

Responding to supply chain change

The supply chain has undergone dramatic change in the past decade. Cost reductions, productivity improvements and delivery performance are no longer the only drivers for logistics system design. Today, labour availability, occupational health and safety (OH&S), and flexibility are equally important considerations.

Goods to Person systems revolutionise order fulfilment by storing and sequencing the stock required for orders, prior to transporting it to ergonomic workstations to facilitate efficient order assembly.

By simply transferring stock to the relevant order, workstation operators can achieve very high levels of accuracy and productivity. The significant reduction in the need for forklifts and other materials handling equipment reduces on-going operating costs and substantially improves safety.

Dematic's Integrated Systems Manager Pas Tomasiello will provide an exciting overview of GTP giving you valuable insight into this major innovation in materials handling, and drawing from Dematic's experience with the world's leading retailers, manufacturers and distributors.

Hear about:

- When it is more efficient to let the stock and orders do the travelling
- When to use people in picking and assembly, and when to automate
- High rate, ergonomic workstation designs for efficient order assembly
- How GTP will help you work smarter, not harder.

To find out how GTP could transform your supply chain, register now.

Seminar Venues, Dates & Times

Auckland: Friday, July 23 The Langham, Auckland, 7:30 – 9:30am

Brisbane: Monday, July 26 Brisbane Convention & Exhibition Centre, South Bank, 7:30 – 9:30am

Melbourne: Tuesday, July 27 Crown Towers, Southbank, 7:30 – 9:30am

Sydney: Wednesday, July 28 Waterview, Bicentennial Park, 7:30 - 9:30am

3 Ways to Register!

Attendance is free, however numbers are limited. Register now to avoid missing out!
