Growth though business improvement

BACKGROUND AND PROCESS

EPRAKT Consulting is an ethical business consultancy specialising in performance improvement and change management.

Our firm has been operating independently since 2007 with accumulated experience over 100 years across many placements in industry, commerce and not-for-profit sectors.

Our consultants are professionally qualified and have held senior leadership positions. This provides a rich template of capabilities that can make a difference to your organisation.

We design programs and tailor solutions which will enhance your organisation's growth potential and lift your people and processes.

Our clients are the key to our success.

How we add value matters.

Experience. Practical. Results.
