For over 35 years RedPrairie has enabled leading global companies to create competitive advantage through supply chain excellence. RedPrairie's comprehensive technology solutions provide rapid and sustainable return on investment by optimising the performance of people, places and processes.

RedPrairie's end-to-end E²e™ solutions enabling companies to deliver and compete in today's complex, fast paced, consumer driven environment. The technology suite includes: warehouse management, transportation management, direct to consumer / internet shopping, global trade management, workforce performance management, KPI alerts and monitoring, event management, slotting, visibility, performance measurement and RFID for EPC / ISO compliance and mobile resource management. In addition, RedPrairie has comprehensive retail back-office and enterprise solutions.

This leading edge technology is implemented and supported by an experienced team of supply chain professionals with a singular focus on helping clients achieve measurable results. RedPrairie's combination of technology and services creates a one-stop source for retail and supply chain excellence that is effectively serving many of the world's best companies, including Nestle, P&G, Wal*Mart, DHL, Fosters, CEVA Logistics, PepsiCo, Nike, Sainsbury, NYK Logistics, Tesco, Marks & Spencer, Schick, Lowes, FedEx, VW, Telstra, IVEVO, Dupont, Mitsubishi, Best Buy, Audi, Ansell, Konica Minolta, J&J, GSK, Shell, Guthy Renker, Stanley Tools and Philips.

RedPrairie is a privately-held global company with direct operations in the Americas, Europe, Middle East Africa and Asia Pacific.

RedPrairie has over 34,000 live sites, 1120 employees and is the largest and leading developer and provider of open systems supply chain execution solutions. RedPrairie is the largest open systems supply chain execution vendor, with its suite deployed on either Windows SQL or Oracle platforms. With implementations in as little as six weeks, RedPrairie has a mature applications, proven methodology and a support infrastructure that services our Australian clients 7 x 24. Our applications have been SOA compliant for over 12 years.

For solutions that work, grow with your organisation and represent the lowest total cost of ownership, please contact any of our offices in Australia or via email at asiapac@redprairie.com
