Vaughan Constructions is a family business with offices in Melbourne and Sydney.

Vaughan Constructions has established an unrivalled reputation as the leader in professional and cost-effective **design and construction services** for Industrial, Retail and Commercial facilities.

Founded by Mr K. A. Vaughan in 1955, Vaughan Constructions is one of Australia's top 400 private companies and has serviced well over 2,000 clients in its 56-year history. Our many successful projects boast countless accolades following our noteworthy selection many years ago as builder for the construction of the prestigious Shrine of Remembrance in Melbourne.

Year on year, over 50% of our customers are repeat business. Recognised as one of the industry's most respected and client-focused construction firms, Vaughan Constructions has established a proven approach to meeting specific client needs, within budget and time constraints. Our overarching company ethos is "Building Customers for Life".

The Vaughan method is simple. Our key focus is to provide clients with a single point of contact for the duration of the project, accepting responsibility for the design, construction and project delivery. This proven method streamlines responsibilities and ultimately saves time for the overall project duration. Vaughan Construction's project managers work hand in hand with your team to establish your specific requirements and strive to fulfil the highest of expectations from concept to completion.

Vaughans is primarily Contractors of Design, Permit & Build Services. However, we are also developers in our own right with large subdivisions available for Turnkey or Prelease packages.

## EXPERIENCE

Over 56 years in business has seen the delivery of over 2,000 quality design and construct solutions

## SECURE

Strong balance sheet with annual turnover above \$200m

## EXPERTISE
